

ENCLOSED END RIDER PALLET JACK

PRODUCTIVE SOLUTION

- ▶ 6,000-8,000 lb. Capacity
- ▶ Programmable Lift Capability
- ▶ 24 Volt Battery
- ▶ AC Drive Motor
- ▶ Ductile Iron Undercarriage

ER1-ES60 | ER1-ES80

YOUR PALLET-MOVING PARTNER

UP TO
8,000 LB.
CAPACITY

THE TOYOTA ENCLOSED END RIDER is designed with innovative ergonomics to maximize operator efficiency and productivity, Toyota's new Enclosed End Rider makes traveling through your warehouse while loading and unloading products simple and easy. This lift comes equipped with electric power steering, which helps to lessen the amount of operational effort, leading to improved output and comfort shift after shift with lower energy consumption.

ENCLOSED END RIDER ADVANTAGES

- ▶ **LIFT HEIGHT TRAVEL INTERLOCK** is a training tool to encourage operators to drive with the forks lifted by limiting travel speed when forks are lowered
- ▶ **ELECTRIC POWER STEERING** decreases the amount of effort required to steer, increasing the operator's comfort. Auto steering automatically centers the steer tire on startup
- ▶ **COLD STORAGE OPTION** protects components from condensation and cold temperatures
- ▶ **REINFORCED STEEL DUCTILE IRON UNDERCARRIAGE** adds strength throughout the underside of the unit for added rigidity
- ▶ **LIFT AND LOWER BUTTONS** give operators precise lift and lower control
- ▶ **UNIVERSAL TAPERED FORKS OPTION** makes pallet exit and entry easier
- ▶ **AC DRIVE MOTOR** for better acceleration, quiet operation, and overall smoothness of travel

- ▶ **SIDESTANCE POSITION** enables operators to easily change direction and travel long runs shuttling pallets from dock to stock or vice versa

- ▶ **10" LOW STEP HEIGHT** creates ease for operators when stepping on or off the floorspace

- ▶ **AUTO SLOW DOWN** occurs when turning a corner making it easier to transport large loads when cornering

AN INVESTMENT THAT PAYS YOU BACK

Toyota demands the best for its customers. Toyota equipment doesn't often require service outside of routine maintenance. But when they do, it's fast and easy — by design. Plus, 500-hour service intervals cut service times in half. And legendary Toyota quality means more productivity over the lifecycle of your forklift, along with lower repair costs.

DURABILITY DELIVERED

Toyota's Enclosed End Rider is the pallet-moving secret to productivity, efficiency, and uptime that you've been looking for. Designed with a reinforced steel undercarriage and stainless pins for superior strength to handle the heaviest of loads, the Enclosed End Rider is the perfect lift for delivering an impeccable performance so you can get the job done. An available fork height travel interlock option helps reinforce proper operator training to keep the forks raised when traveling over docks and uneven surfaces by limiting travel speeds when the forks are lowered.

TOYOTA MOVES WITH YOU

A NAME YOU CAN TRUST

Our material handling equipment carries something no others can: The Toyota name. As one of the most recognized and respected global brands, the Toyota name is synonymous with quality, durability, and value. It also provides a peace of mind that few companies of any kind can match.

Every Toyota Forklift is built using the world-renowned Toyota Production System (TPS), which features Just-in-Time parts delivery and quality checks at every step of the manufacturing process.

It's all part of the Toyota philosophy of "kaizen," the dedication to continuous improvement. Instituted by our founder more than 80 years ago, it's a principle that still guides us today. As long as our forklifts carry the Toyota name, we'll continue striving to improve processes and quality.

THE TOYOTA 360 SUPPORT PROMISE

In addition to moving more pallets more quickly through your facility, you can count on Toyota's dedication to quality and world-renown manufacturing methods to deliver unprecedented uptime and lower maintenance costs. Toyota 360 Support comes standard with every Toyota End Rider Pallet Jack, meaning you benefit from an industry-leading two-year parts warranty, the support of over 65 dealerships, 3500+ Toyota Certified Technicians, and guaranteed 4-hour emergency response time.

STANDARD EQUIPMENT

PERFORMANCE

- 24 Volt Electrical System
- AC Drive Motor
- Regenerative plugging
- Heavy Duty Spring Loaded Casters
- Battery Discharge Indicator with Lift Interrupt
- Hour Meter Indicator
- Horn
- Electric Power Steering
- Automatic Parking Brake
- UL Type "E" Construction

BODY/EXTERIOR DESIGN

- Dual Lift Cylinders
- Steel Pull Rods
- Stainless Steel Lift Pins
- Electric Disc Brake
- Emergency Power Disconnect
- Fork Lift of 6"
- Battery Compartment
 - 31.96 in. wide
 - 13.38 in. length
 - 31.0 in. height

OPERABILITY & ERGONOMICS

- Cushioned Knee and Hip Pads
- Cushioned Operator Backrest
- Programmable Performance
- Start up and run time diagnostics
- Multifunction Control Handle with Ergonomically Angled Hand Grips
- Soft-cushioned Floor Mat
- Low-profile operator presence pedal
- Fork Height Travel Interlock
- Speed Reduction in Turns
- Storage Tray
- Anti-Roll Back

OPTIONAL EQUIPMENT

BODY

- Single Tier Accessory Bar
 - USB Port for Single Tier Accessory Bar
 - Operator Fan
 - LED Work Light
 - Various Travel Alarm Options
 - Keyless On/Off Switch
 - Operator Compartment Sensor System
 - Operator Compartment Sensor System with Cold Storage
 - 10-Amp Power Hook-up, On-Board Terminal
 - Static Strap
 - Various Storage Tray Options
 - Various fork lengths
-

BATTERY ACCESSORIES

- Battery Compartment Rollers w/ Dual Sidegates
 - Battery Compartment Width 31"x9.2"x31"
 - Various Battery Connector Options
 - Battery Gate Interlock
 - Battery Spacers
 - Greasable Steer Bearing
 - Full Set Greasable Bushings
-

LOAD HANDLING

- Various Load Backrest Options
 - Full-Length Rear Operator Guard
 - Extended Operator Backrest
 - 3.5" Steering Tiller
 - Steering, Friction Block
 - Forward Steer
 - Reverse Steer
 - Pallet Entry Rollers
-

WHEELS

- Load Wheel Debris Diversion Device
 - Various Load Wheel Options
-

TIRES

- Various Drive Tire Options
-

CASTERS

- Heavy-Duty Casters with Food-Grade Grease
-

SPECIAL MODELS

- UL Type "E" Rating
 - UL Type "EE" Rating
 - Cold Storage Conditioning

Minimum aisle for right angle stacking shown.
Add a minimum of 10" to 12" for maneuverability.

- For two 48 x 40 in. (1219 x 1016 mm) pallets entered on the 40 in. face, with a total of 12 in. (305 mm) of pallet overhanging the forks.
- For two 48 x 40 in. (1219 x 1016 mm) pallets entered on the 40 in. face, with a total of 3 in. (77 mm) of pallet overhanging the forks.
- For two 48 x 40 in. (1219 x 1016 mm) pallets entered on the 40 in. face.
- For two 48 x 40 in. (1219 x 1016 mm) pallets, with a total of 7 in. (178 mm) of load overhang, entered on the 40 in. face.
The wheelbase is extended 7 in. (178 mm) for proper load wheel drop location. Contact Factory prior to placing order.
- For three 40 x 48 in. (1016 x 1219 mm) pallets entered on the 48 in. face, with a total of 5 in. (127 mm) of pallet overhanging the forks.
- For three 48 x 40 in. (1219 x 1016 mm) pallets entered on the 40 in. face.

WORLD-CLASS MATERIAL HANDLING SOLUTIONS

PARTNER WITH TOYOTA, AND LET US HELP DEVELOP THE RIGHT SOLUTION FOR YOU.

With access to the world's industry-leading lineup of material handling products, Toyota dealers are uniquely positioned to help you solve your wide-ranging challenges. Built for every application, Toyota can provide the most complete set of solutions for material handling, automation, energy, advanced logistics, and warehouse optimization.

Toyota is here to help optimize your business for maximum efficiency. Utilizing Toyota Lean Management principles, Toyota dealers can provide insights and develop appropriate plans to tackle your specific operational needs. This unique approach to optimization and elimination of waste can provide you with significant competitive advantages and a sustainable lean culture for lasting process improvement.
